

VCI EMITTER 5 & 11

VCI FORCE Emitters 5 & 11 are emitters of corrosive inhibitors easy to apply. In a closed space such as electronic cabinets, they allow for corrosion protection on copper contacts and its alloys, technical silver, etc. Thanks to the adhesive on the back of each capsule, they can be placed in any free space in the electronic cabinet. Available in two sizes (5 and 10) of different dimensions and protective capacity. Our SHIELD range of products is a complete and innovative collection of practical methods to provide protection against corrosion of your products.

ADVANTAGES

- Simple and immediate corrosion protection
- Safe and non-toxic product, free from nitrites and secondary amines
- Conforms to TL 8135-0043
- Complies to the rules RoHS, TRGS 615 e REACH

VCI EMITTER

Wrapped around your business

Product description

VCI emitter in the form of a capsule, resistant to abrasion, without dust formation, for multi-metal protection. Steam covers all surfaces including cracks, cavities and all inaccessible areas that seal it to provide total protection. Activation phase from 30 minutes to 3 hours with a range of action in which the protection is manifested approx. 30 cm.

Technical data

PROPERTY	UNIT	EMITTER 5	EMITTER 11
Protected volume	m ³	0,15	0,31
Emitter dimensions	mm	50x50x25	80x50x25
Sticker on the back	-	si	si
Pieces per pack	N°	50	50
Duration of protection (*)	months	24	24

[*] respecting the directions of use

Recommended Applications

Rust protection in electrical cabinets, toolboxes, mechanical and electronic control systems. VCI reinforcement inside cover, bags, boxes and closed packaging. The inhibitors do not involve either greater resistance to contact or affect the characteristics of insulating materials.

Proper storage mode

Emitters can remain in stock before use for 2 years in the original packaging packed and closed in boxes and at moderate temperatures. Protect from sunlight, moisture and dirt.

Attention: always wash your hands well after handling the product and before eating

The above information corresponds to the current state of the technical knowledge of the matter, are not binding and must be adapted however, to the local regulations in force. Therefore civil and criminal reprisals are excluded. For further questions please contact us.
